

# An exclusive education fair to study in the UK

**S**tudents interested in pursuing education in the UK can now walk into Big Ben '23, an exclusive education fair featuring several UK universities. Enthusiasts can get answers to essential queries like pursuing a double master's, accompaniment of family or spouse, availability of specialisations in courses, average salary package, the safety of students, education loans and accommodation. The fair focuses on students in the final year of intermediate (10+2), bachelor's or master's degrees and offers opportunities for higher education and building careers in the United Kingdom. The education fair Big Ben '23, named after the Great Bell of the Great Clock of Westminster, provides opportunities to

A glimpse from the previous fair

- Meet & interact with UK university officials
- Avail on-the-spot offers for some universities, which usually take weeks/months
- Get on-the-spot scholarships for a few universities and get a clear picture of others
- Attend credibility interviews for a few select universities and save time
- Know about the right course and specialisation that suits your career
- Talk to bank officials to chalk out a financial plan at a low-interest rate & tax benefits
- Learn about the various types

of accommodation available and book and save more than 35%

To understand and avail of various benefits offered at Big Ben '23, interested candidates can register using the QR Code and get a call within 2 hours with the complete information. The UK has become a popular destination for students pursuing

higher education because of the wide variety of specialisations offered in over 160 public universities across the country. More than fifty specialised courses are offered in computer science, business, accounting, finance, medicine, pharmacy, physiotherapy, dental and engineering.
